The Malakoff Diggins Park Association is a non-profit organization, that supports interpretive programming at Malakoff Diggins State Historic Park.

Through the collection of membership fees, the selling of educational materials, and production of special events, the association raises money to help develop new programs at the park.

Members may also volunteer to help find and maintain museum artifacts, develop informational brochures, lead tours in town or on nature trails, work on reconstruction projects, staff the association sales counter, or help with "Homecoming" on the second Saturday in June.

We welcome your support and invite you to join our growing family.
You may contact us at:
